WHO WE ARE

Since its establishment in 2006, ME Education has been deeply rooted in Hong Kong's education sector for over 20 years, successfully helping more than 200,000 students gain admission to their dream schools. Currently, we operate five campuses across Causeway Bay, Mongkok, and Kowloon City in Hong Kong.

We offer comprehensive Hong Kong school placement services, including professional assessments, admissions consulting, education planning, exam preparation, customized academic tutoring, and adult business and corporate workplace English training. With over 70 experienced tutors from the United States, the United Kingdom, Australia, Canada, Mainland China, and Hong Kong, we provide one-on-one targeted admissions exam coaching to help students excel in competitive examinations and gain entry to prestigious schools.

We deliver one-stop professional services covering applications for kindergartens, primary schools, secondary schools, associate degree programs, undergraduate degrees, and postgraduate studies. We design academic training tailored to each school, helping students apply to top-tier institutions, including international and local schools and elite universities. Notably, we maintain high admission rates for schools, including Hong Kong International School, German Swiss International School, Chinese International School, Canadian International School, Li Po Chun United World College of Hong Kong, Harrow International School Hong Kong, The ISF Academy, and more.

Additionally, we provide specialized bridging and transition support to help newly arrived Mainland Chinese students adapt to Hong Kong's education system. We are dedicated to helping students of all ages and ability levels achieve their academic goals and ultimately gain admission to their desired schools. We offer valuable school recommendations, help select the most suitable schools, and strive to maximize each student's admission chances, guiding them on a successful path to higher education.

WILLIAM LI
 University College London

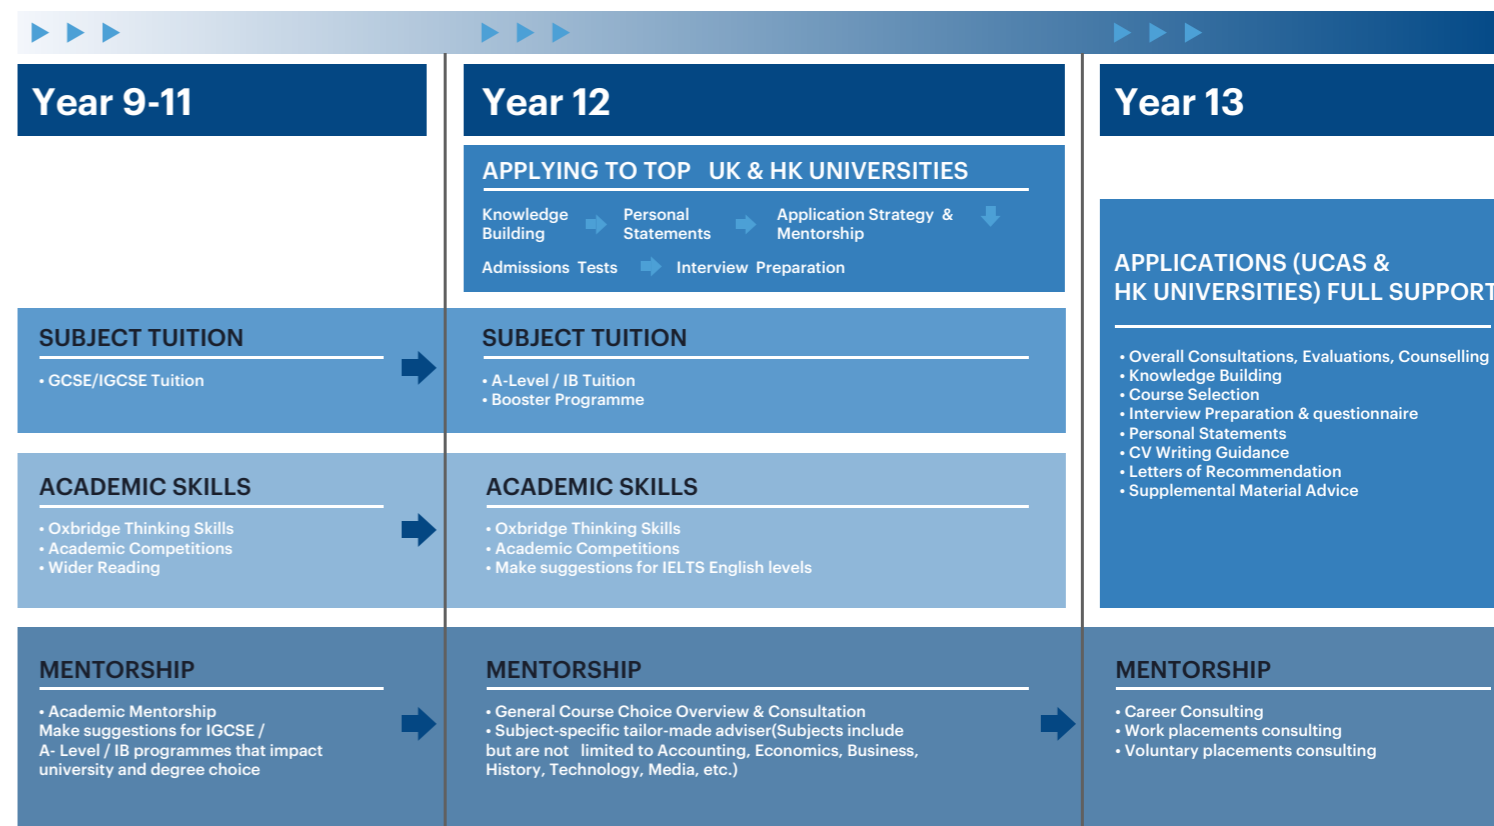

"I moved to HK in 10th grade from Harbin, China where very few speak English. My goal was to attend a university abroad, but I was nervous because I had very limited English proficiency. I didn't know what's my goal or where to begin.

ME Education helped me from the beginning to the end of the process. They helped me with admissions interviews and application process and I was accepted into American International School. The teachers helped me so much with my transition during my first year in HK on a new curriculum. In grade 11, I took exam prep courses for SAT, IELTS and TOEFL. I raised my scores tremendously.

I'm proud to have been admitted to the college of electrical engineering at many top universities including: **University College London, Queen Mary University of London, Brunel University London, King's College London, HKUST, CUHK, and University of Illinois Urbana Champagne and Virginia Tech"**

UK Top Universities, Popular Major Subjects & Requirements

Great exam grades are not enough to gain entry to top UK universities. These universities often have extra requirements that count for more than your A-Level grades and require lots of further preparation, including personal statements, admissions tests, written submissions and interviews.

England

 <p>University of Cambridge</p> <p>Biology, Chemistry, Physics, Engineering, Economics, Education, Languages, Mathematics</p>	 <p>University of Oxford</p> <p>Philosophy, Languages, Geography, English, Mathematics, History, Medicine</p>	 <p>London School of Economics and Politics</p> <p>Economics, Law, Management</p>	 <p>University of Bath</p> <p>Sport Science, Engineering, Education</p>	 <p>Imperial College London</p> <p>Science, Business, Engineering, Medicine</p>

Oxford and Cambridge

Oxford and Cambridge are the UK's oldest and most prestigious universities, with a global reputation for academic excellence. These universities have extra requirements, and applicants must send an 'early application' to apply. Almost every department requires students to take extra admissions tests, and shortlisted candidates are invited to interview.

- UCAS Application (15 Oct)**
 - Personal Statement
 - Teacher's reference
 - Grades
- Cambridge SAQ (22 Oct)**
- Admissions Tests (Early Nov)**
- Written Submissions (Nov)**

Imperial College

Imperial College London is one of the most prestigious and competitive universities to apply to in the UK for STEM subjects. If you apply to Imperial you will be assessed on your grades and the quality of your personal statement. Departments such as Mathematics and Medicine also use external admissions tests to evaluate candidates.

- UCAS Application (15 Jan)**
 - Personal Statement
 - Teacher's reference
 - Grades
- Admissions Tests (Early Nov)**
- Interviews (Dec-Feb)**

Medicine

Applicants for Medicine can apply to up to four medical courses by the early deadline of 15 October. Personal statements are written very differently from other subjects, focusing on work experience, medical ethics, healthcare systems, and research developments. Medicine applicants are advised to apply for some universities that require the UKAT admissions test and some that require the BMAT. Most universities assess applicants through academic interviews.

- UCAS Application (15 Jan)**
 - Personal Statement
 - Teacher's reference
- Admissions Tests (UCAT - Summer, BMAT - Nov)**

UCAS Application & HK Top Universities Admissions Support

- **Overall Consultations, Evaluations, Counselling.** The application process is widely known to be complicated. Knowing this, we constantly consult with our students and parents to understand the matching degree of the desired major. Provide suggestions and tailor-made programmes to improve success rates to ensure that we can help them achieve their academic goals.
- **Personal Statements and Essay Edits.** Sometimes, students find it difficult to express themselves fully in writing. Our editing staff have vast experience co-editing and brainstorming ideas to help students.
- **Interview Preparation.** Essay applications are just the first step. Most top universities require applicants to come in for an interview – this can be an extremely intimidating experience for many. We will make sure to prepare students for this daunting experience by providing all possible interview scenarios.
- **Customized College List.** Our specialists create student-specific college lists as suggestions based on individual needs, interests, and our students' personal qualifications and achievements.
- **Application Schedule.** Tailored to ensure that the student meets deadlines, stays on track, and remains organised throughout the year
- **Application Strategy and Positioning.** Support leveraging of strengths, unique attributes, and background information within the university application
- **Capture Red Flags.** Identify and remove red flags from applications
- **Personality Exam.** Determines university-specific social and extracurricular fits
- **Leadership/ Extracurricular Development.** Provides insights and advice for the development of highly selective university desirables
- **Career Consulting.** Including work and voluntary placement consulting
- **After-Application.** Waitlist/Deferral/School Selection Support
